WHAT IT IS

Charter Business Cable TV® is the perfect solution to bring more entertainment and information into any business.

Start with our Expanded Basic channel lineup, which includes popular cable networks, local broadcast channels, sports, and news. Upgrade to Digital Cable and customize your entertainment with a variety of programming packages that lets you choose from:

- Sports
- Information and Entertainment
- Spanish Programming
- Movies and Premium Channels
- High-Definition Programming (where available)

HOW IT WORKS

Charter Business Cable TV® can be connected to TVs in multiple rooms or locations via standard cable outlets, which Charter Business will install. Digital Cable requires a set-top box on each TV receiving digital service. TVs not equipped with a digital set-top box will still receive our Expanded Basic channel lineup. If you own or are thinking of purchasing HDTVs, be sure to connect them with Charter Business HD® service. This advanced service provides you with an HD receiver and HD programming that works with your HDTV to deliver a picture that's up to six times sharper.
