

Service Overview | WebPresentNow™

Web Meetings -- Simple, Convenient and Affordable

WebPresentNow is a straight-forward web conferencing service designed to take the anxiety and surprise out of Internet meetings. Copper offers the service for a low monthly or annual fixed fee without setup or extra charges. With WebPresentNow you can:

- Share PowerPoint slides in a small meeting or a larger webinar
- Share your desktop to demo product or conduct online training session
- Share, discuss and edit documents in real time

WebPresentNow is simple:

- Meeting attendees do not need to download software, only to have a web browser and Flash®.
- There is no need to upload content to a conferencing server. Copper Conferencing hosts the meeting but your content stays local.
- There is no cost to attendees. Only the host pays the low monthly flat fee.
- Web conferencing tools are easy to use. You can share slides, documents and your desktop. Edit and whiteboard documents with meeting participants.
- Toll-free voice conferencing is included with each subscription (additional charges apply).
- Unlimited web conferencing allows you to hold 10 or 10,000 meetings a year for one low price.

Experience the benefits of WebPresentNow

Getting started is easy and immediate. Create a WebPresentNow account, send out meeting invitations, login and begin sharing documents and presentations with just a couple of mouse clicks. It couldn't be any simpler.

Remote meetings are available anytime, anywhere. You can preset a meeting in advance or hold your meeting on the fly. WebPresentNow adds a visual element making your meeting more effective.

No billing surprises. With flat-rate web conferencing pricing you can use WebPresentNow as much as you like for one low monthly fee. There are no additional line-item fees on your monthly bill.

Using WebPresentNow is straightforward. We've taken the guesswork out of web conferencing for you and eliminated the complicated bells and whistles. WebPresentNow offers the features you use all the time – presentation sharing, desktop sharing, annotation, and collaboration.

Meetings are more effective and efficient. Shorten your time in meetings and follow-up conversations by adding WebPresentNow. Sharing documents with participants lets you discuss and edit them in real time. Participants are more engaged and productive.
